## Rebate 1-2-3

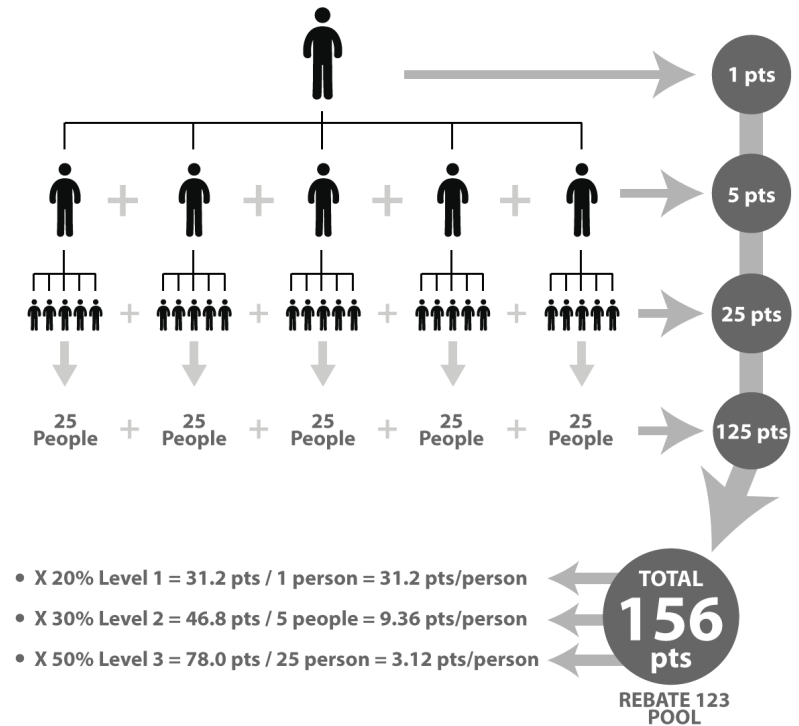

TMS offers an exclusive rebate program for its qualifying members on everyday consumption goods and services like cell phone and electric bills. In return, businesses receive marketing of their products and/or services as well as a higher chance of on time payments.

To qualify for this rebate program, all you need is to participate in it (bring in an eligible bill) and have 5 people in your DDL participate in the program.

### How it works

1. First, you must be a TMS member.
2. Participate in the program by submitting a eligible bill and have 5 people in your DDL (direct down line) participating in the program.
3. Pay your bill on time.
4. Every month, the service provider will give TMS a rebate amount and then it will be distributed accordingly.
5. Distribution is based on your down line which will determine your rebate level (level one, two or three).

### Promotion Levels

#### Level 3

Participating in the program with five people in your direct down line participating in the program (will receive 50% ÷ total number of Level 3 people in your direct down line)

#### Level 2

At least five people in your direct down line at level 3 (will receive 30% ÷ total number of Level 2 people in your direct down line)

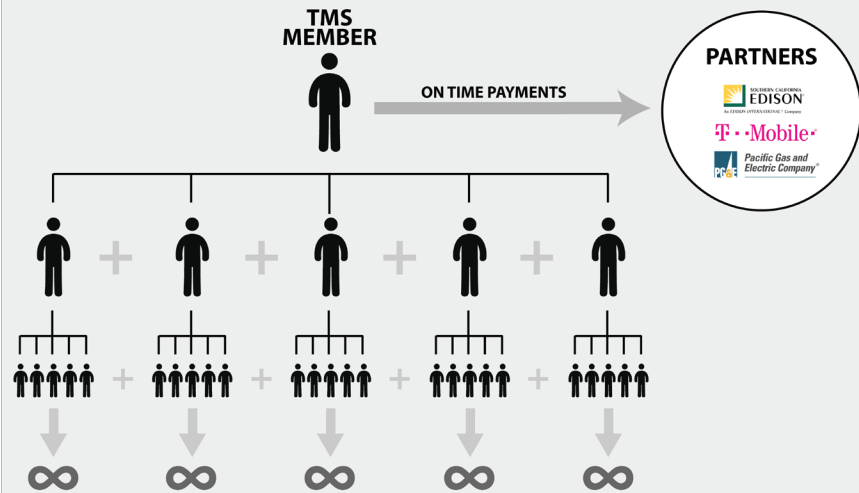

#### Level 1

At least five people in your direct down line at level 2 (will receive 20% of the total points accumulated two levels beneath you)

# Rebate 1-2-3 and 7LPB at Work For You

## More Members = More Partners!

With more members, TMS is able to onboard more partners and provide a diverse group of rebates.

## More Partners = More Rebates!

With more partners, the likelihood of our members to use the products and services from these partners increases. Thus, the chance for members to increase the amount of points earned is also increased.

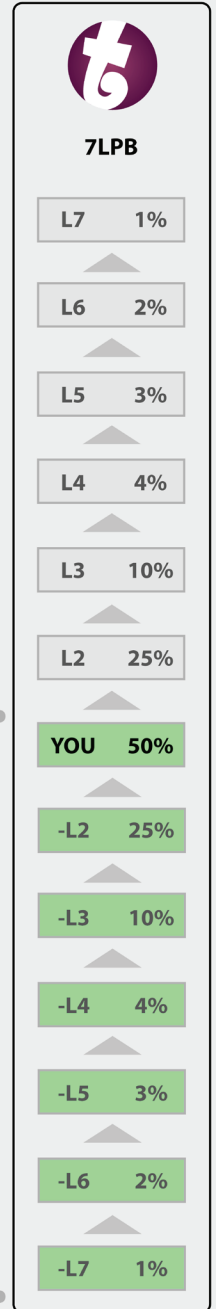

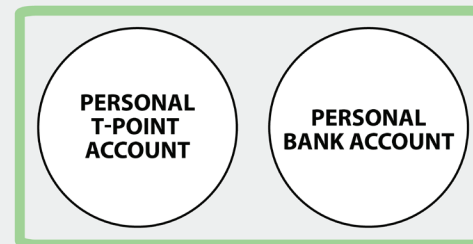

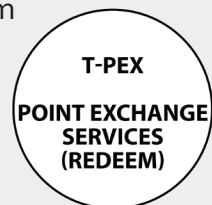

- X 20% Level 1
  - X 30% Level 2
  - X 50% Level 3
- Your Designated Pool Monthly

## More Rebates = More T-Points!

As more members and partners are brought into the TMS system, the number of rebates will increase and so will the amount of T-Points given out.

## More T-Ponts = More Savings and Cash!

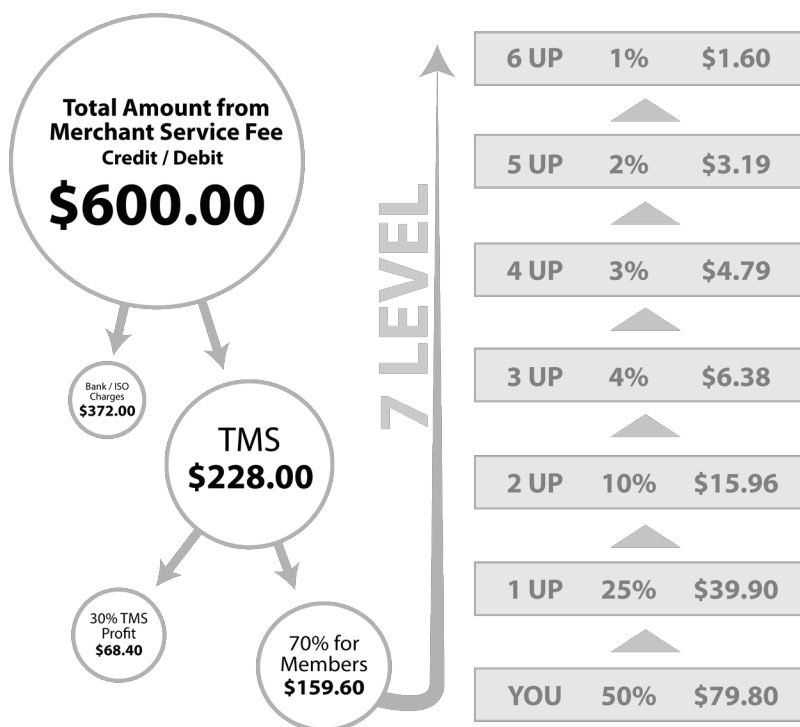

Once members accumulate T-Points, they will be able to save or exchange and withdraw as cash using T-Pex's services. Members will also be able to use these points at participating merchants and at Tmallus.com to purchase items.

# 7LPB

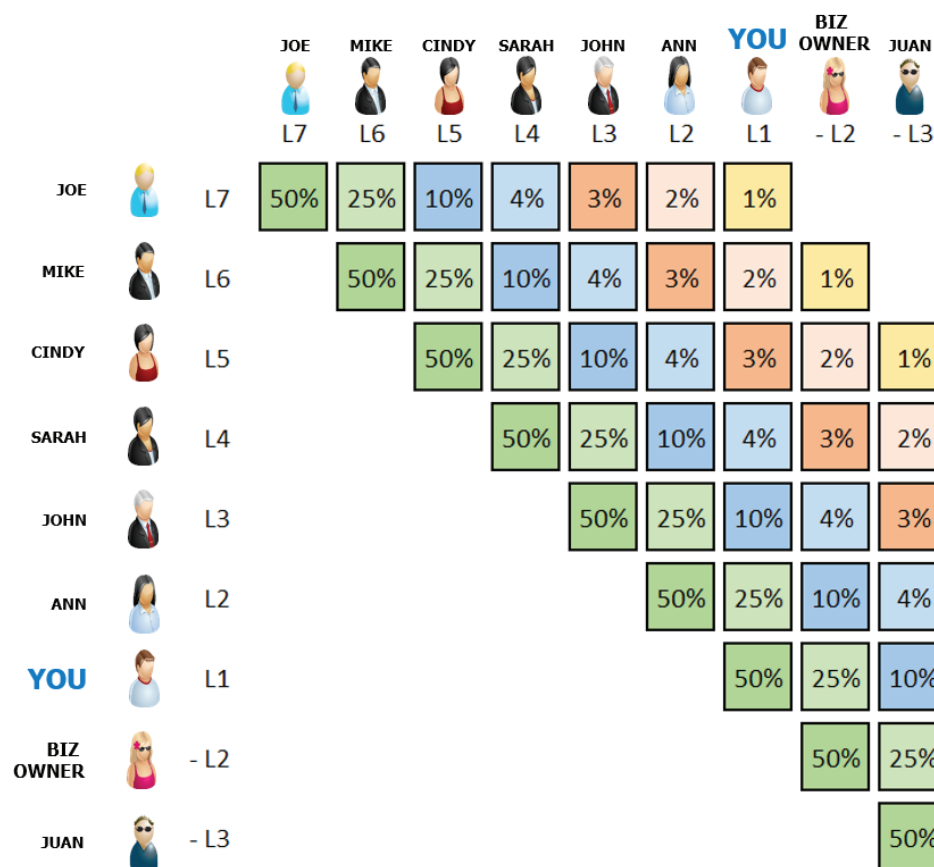

The 7 Level Passive Bonus structure helps everyone make money (and save) based on the down line created with our system.

For example, in the merchant account compensation plan depicted below, a business owner could currently be paying around \$600 a month in total fees for all transactions purchased with a credit or debit card. TMS allows the merchant to get a rebate on a portion of the fees he would already be paying all while helping other TMS members.

The 7LPB pay structure is also applied to other rebates TMS has negotiated with companies. That means that you'll be getting rebates for services you're probably already paying for; electricity, cellphone, etc.

Looking at the diagram below, the 7 Level passive Bonus allows for "You" to receive 50% from your own personal pool as well as 10% and 25% from Juan and the Business Owner's personal pool, respectively. The deeper your line runs the more you will be able to receive.

## ARM (Automatic Recruiting Mechanism)

If any new clients (Non-TMS members) shop in your Tmallus.com web store they will automatically be placed into your down line. Members with a T-Mall web store could literally build their down line while they sleep. Please refer to page 12 for more information.

# Intelligent Marketing Systems

Intelligent Marketing Systems (IMS) is a group of companies and services which provide it's members with exclusive savings and services. Below are the key components of IMS and a brief overview of each.

## **T-AS — Together Accounting Services**

Accounting services provided by Together Marketing Systems at a discounted rate solely for TMS members only. These services will be provided by an experienced CPA for the average consumer who may not have access to a CPA. They will assist in yearly tax deadlines, as well as tax deductions. All of this will be provided for members only at up to half the price of other tax preparation services. You can even use T-points to pay for this service. Some restrictions may apply.

## **T-Mall US (Tmallus.com)**

An Individual who joins TMS can buy an e-store that is part of Tmallus.com. There is a \$200 one time set up fee and a \$100 monthly maintenance fee. When someone wants to buy products off of that website they have to sign up with TMS. When they sign up, they use that shop owner's TMS ID number so this is a great way to get new members into your down line. TMS will then advertise the different rebate programs and benefits of being a TMS member including possible employment opportunities. Whoever buys a shop in Tmallus.com will have 100% ownership of the shop and best of all, they will not have to worry about inventory.

## **T-Idea Bank**

A forum where members can come together to contribute ideas of potential business opportunities they would like TMS to pursue. At this time we are taking ideas through email only. Please address it to [idea@bigtms.com](mailto:idea@bigtms.com) and be sure to write "Idea Bank" in the subject line.

## **T-LTL — Location to Location Shipping**

The logistics division of IMS who works closely with T-Mall. With our volume, the major shipping and logistics companies will allow us to ship at deeply discounted rates. Not only that but we will be able to negotiate rebates from these companies which will go into the global profit sharing pool and distributed to our members. With millions of packages being shipped daily, just one cent per shipment will add up substantially.

## **T-News**

Will be an online portal that will help members keep in touch, have access to webinars, live video streams, updated business content, and most importantly their own private virtual space. This virtual space will allow members to stream in real time as well as to post pre-recorded content. With a TMS ID number you will effectively have your own channel.

## **T-Pex — T-Point Exchange Center**

Provides members with the ability to convert T-points into cash as well as purchasing points as needed.

## **T-Café — Member Lounge**

T-Café provides TMS members with a location to conduct business in a casual atmosphere. The café will provide discounts to TMS members only. These Café locations can be used to develop the member's business by providing a meeting place for prospective new members. They will have wireless Internet access, power outlets, drinks, food as well as a meeting room available for employees to use.

## *Conclusion*

---

### **In the end, it's all about the money**

TMS provides the systems for members to make and save money. However, these systems are dependent on the size of the memberbase to succeed.
